

CALL FOR PAPERS

SCOPE AND OBJECTIVES

The aim of the 6th International Conference on Big Data Applications and Services (BIGDAS2018) is to present the innovative results, encourage academic and industrial interaction, and promote collaborative research in the field of big data worldwide. The BIGDAS2018 will be held in Kaifeng, China on August 20-23, 2018. The conference is organized by Korea Big Data Society. More information is available at:

<http://www.kbigdata.or.kr/bigdas2018/index.html>

TOPICS

The following research areas are expected to be represented at the conference, but research papers on other related topics are also welcome.

- Big Data Architectures
- Big Data Models and Algorithms
- Big Data Search and Mining
- Big Data Visualization
- Big Data Query Processing
- Social Media
- Recommendation Systems
- Big Data Applications
- IoT and Big Data
- Smart Factory and Big Data
- Smart Healthcare and Medicine
- Big Data and Privacy
- Big Data in Bioinformatics

PAPER SUBMISSION

We invite authors to submit papers for oral and poster presentations in any of the areas of interest. All submitted papers will be reviewed in terms of technical quality and significance.

- Regular Paper: 6-8 pages
- Short paper: 4 pages
- Poster paper: 2 pages

The selected papers after further revisions will be recommended to the special issues of various international journals, including:

- Journal of Supercomputing (SCI)
- World Wide Web (SCIE)
- Sensors Journal (SCIE)
- International Journal of Data Mining in Bioinformatics (SCIE)

IMPORTANT DATES

Paper Submission Due: **May 25, 2018**

Paper Notification Due: **June 8, 2018**

Final Paper Due: **June 15, 2018**

Registration Due: **June 15, 2018**

Sponsorships

The BIGDAS2018 offers an excellent opportunity for industry to introduce their latest products and research, gain feedback and establish collaborative relationships with international participants.
